Why Study Abroad?

"I learned not only what I am capable of—which exceeded my expectations of myself—but also what pushes the line for me and what I cannot tolerate.

It was a great internal recognition. My best advice is to go in head first and have no regrets!"

-Jennifer Beynon

Linnaeus University, Sweden

"I was able to teach Nutrition, in Spanish, to children between the ages of 10-14 years and witness first hand how health is viewed in a developing country.

This is an experience that you absolutely cannot receive confined to the borders of the United States."

-Kelsey Griffith

Universidad Catolica del Uruguay, Uruguay

"Studying abroad gave me a greater understanding that there is a large and quickly developing dance world outside the US. I think it was really important for me to recognize how this industry can shift from culture to culture.

Personally, it also challenged the way I think about art and my approach to making art."

-Rachael Mauney

Edith Cowan University, Australia

Religious Studies Study Abroad

Religious Studies Major Specifics

When is the best time to study abroad?

While every student's situation may vary, students majoring in Religious Studies typically study abroad during their late sophomore or early junior year. Finding the most appropriate program as well as the best time to go may often depend on academic background, degree requirements, and other considerations, such as a second major, minor, or foreign language requirements.

It is important that students start planning their study abroad plans early as they have to take into account REL 410—Senior Seminar, that must be taken at UNCG towards the end of your degree.

What courses should I take abroad vs. at UNCG?

Students can take a variety of both Religious Studies, GEC, elective courses, and even language courses while studying abroad. At UNCG, be sure to take REL 298 prior to studying abroad.

Do I need to know a foreign language?

Almost all of our international partner programs offer extensive coursework in English available to exchange students. However, the department highly recommends students consider taking a foreign language and culture course while abroad. This is a great way to enhance the study abroad experience and will benefit students professionally.

Will I Graduate on Time?

YES! Students receive UNCG credit for classes taken abroad, so there is no need to prolong graduation.

Can I Afford It?

YES! On semester or year-long exchange programs, students pay regular UNCG tuition and fees. Housing and meal costs are typically equivalent to a semester in residence at UNCG. Any financial aid received at UNCG can be applied to the program costs. In addition, students are eligible to receive travel grants to help offset the costs of airfare. Be sure to meet with IPC to discuss your options.

Other Benefits...

Simply studying abroad in any country waives a global marker, and depending on the program, a global non-western marker. Speak to an IPC and Dance advisor for more details.
